CITY COUNCIL—Special Session.

Indians, December 4.

The Common Council in special session, held at the City Hall, on Tuesday, December 4, 1900, at 7 o'clock, P. M.

Present: His Honor John C. W. Mayor, in the Chair; and the following members answered at first roll call:

Councilmen Allen, Boaz, Brown, Cohn, Emerson, Fletcher, Glazier, Groves, James, Kappes, Loomis, Lufkin, McArthur, Schmidt, Colby and Stubb.

The special order for the session was called up, and the Clerk read a sanitary ordinance relating to the cleaning of the streets, alleys, gutters and public squares of the city, and setting a Board of Sanitary Commissioners.

The ordinance divides the city into ten districts. Three members of the Board of Health and three members of the Common Council are constituted a Board of Sanitary Commissioners.

The Board of Sanitary Commissioners is to have the power to appoint suitable health officers in each of all of the health districts, subject to its orders. The appointment of a chief health officer is contemplated by the ordinance. The ordinance invests the Board with full power in all matters pertaining to the sanitary improvement of the city, and defines the compensation of the members of such proposed board. It further defines the penalties against defaulters for the non-observance of the city laws relating to the sanitary condition of the city.

Mr. Elliott, the City Attorney, read an opinion on the authority of the Council to delegate such powers to the proposed Board of Commissioners. He decided adversely to the proposed ordinance.

MOTION.
By Mr. Brown: That the pending ordinance be referred to a committee of revision with instructions to invest the Board of Health with such additional powers as can be given it under the opinion of the City Attorney, and to amend the ordinance as to make it conform with the city charter. Carried.

RESOLUTIONS.
By Mr. Boaz: That the representatives of each ward consult together, and report to the Council, at its session on the 10th inst., what streets and alleys in their respective wards ought to be graded, in order to prevent the standing thereof of water, with a view to instituting the requisite improvements; also that the Board of Public Improvements report to the Council at its next session, such ordinances as have been read a second time, and deferred for action until the 1st of February, 1901. Carried.

By Mr. Loomis: Requiring the City Marshal and Day Police to enforce section 19 and 23 of an ordinance looking to the cleanliness of the city, also requiring them to compel an observance of the ordinance relating to the passing of locomotives and cars through the city limits. Mr. Loomis explained his resolution at some length, and considerable discussion was elicited thereby. Amended.

By Mr. Brown: Requiring the City Marshal to cause to be published in hand-bill form 200 copies of the sections named in the resolution, and the same number of printed copies of this resolution, and post the same conspicuously throughout the city.

The resolution was amended was then read by the Clerk and put upon its passage. Carried.

By Mr. Brown: That the Committee on Ordinance be instructed to report on an ordinance to amend section 23 of the ordinance on page 175 of the Revised Ordinances, as to the word "street" before the word "sidewalk" in the fourth line of that section. Adopted.

By Mr. Kappes: That the Chief of the Police or his lieutenants be and are hereby requested to make the members of the police force thoroughly acquainted with the ordinance defining the duties of said police force.

And then, on motion of Dr. Jameson, the Council adjourned.

Every one receives the value of his or her money in the books they purchase, and the present is so much gain. These presents, therefore, are our inducements to our patrons, and we give them out as a dividend of the business we are conducting. To the Friends of Temperance of Indiana.—You are called upon to "really one again" and help roll back the tide of ruin that intemperance has poured forth upon our people. We do not see the necessity of any how terribly the curse of intemperance has scourged our land in the few years that have just passed. The evidences of its devastating spread are all around us. The youth of our land—the young men who have battled for our country—and even those of riper years are going rapidly down to death—premature death—eternal death, by reason of intemperance. We must stop this tide of ruin! The time to do this is now! If all who can exert will act promptly, we can strike the monster to the earth, and save our children and friends from ruin. You are hereby called upon to attend a mass convention of Temperance people at Indianapolis, on Tuesday, the 6th day of December next, at ten o'clock P. M., for the purpose of completing a thorough organization of our forces, and preparing to give battle to this terrible enemy. Arrangements are being made for the accommodation of all who attend, free of charge, and also for conveying all who attend the Convention over the railroad at half fare. We earnestly request Ministers of the Gospel to use all possible effort to promote the success of this Convention, and all newspapers friendly to virtue and happiness, to copy this notice, and favor the undertaking.
